LIGHTING THE WAY

DXBL30 DIFFUSED LIGHT TOWER FOR WORK & SAFETY

The future of lighting has arrived. Introducing the rugged, portable, weather-resistant Diffused Work Light Tower by DEWALT. Utilizing proprietary diffusion technology, the DXBL30 delivers a uniformly distributed light providing users with a more comfortable lighting environment you can actually work around without the blinding intensity of most LED and Halogen work lights current on the market. Diffused light improves Productivity and Safety on worksites vs non-diffused lighting, creating a 360° even beam, bringing surfaces into sharp focus, illuminating details and revealing flaws without blinding workers or bystanders.
