# WORK SAFER GET MORE DONE

## DXBL SERIES DIFFUSED SAFETY LIGHT TOWER

- Brightness output of 30,000 lumens illuminates 12,500 sqft at 0.5 footcandles.
- Integrated diffuser cuts glare before delivering a 360° powerful balanced light.
- Proprietary light diffusion yields a bright-not-blinding light ideal for improving safety and productivity at worksites.
- 9ft telescoping mast stows neatly within integrated hardshell body, forming a compact easy to carry all-in-one light tower.

# DIFFUSED WORK LIGHT TOWER

The future of lighting has arrived. Introducing the rugged, portable, weather-resistant Diffused Work Light Tower by DEWALT. Utilizing proprietary diffusion technology, the DXBL delivers a uniformly distributed light providing users with a more comfortable lighting environment you can actually work around without the blinding intensity of most LED and Halogen work lights current on the market.

Diffused light improves Productivity and Safety on worksites vs non-diffused lighting, creating a 360° even beam, bringing surfaces into sharp focus, illuminating details and revealing flaws without blinding workers or bystanders.

## DIMMABLE LED POWER

Balance for optimum illumination

## 2-STAGE MAST

Adjustable up to 9 feet

## STURDY TRIPOD LEGS

For uneven surfaces

## POWERFUL DIFFUSED LIGHT & 360° ILLUMINATION

## BUILT-IN CARRY HANDLE

Ergonomic design with smooth deployment button

## COLLAPSIBLE TRIPOD

Packs up small for easy transport and minimal storage space

- **Glare-Free Illumination:**  
Diffused lighting eliminates blinding light that can overwhelm workers and passersby making work zones safer and more productive.
- **Natural Color Light Cast:**  
Crucial for fine detail work, diffused lighting casts even natural color light illuminating work surfaces for true color accuracy and improved depth perception.
- **Fine Detail Visibility:**  
Soft, diffused light improves illumination of fine detail ensuring improved work quality, so the job gets done right the first time.
- **Worksite Comfort:**  
A productivity booster, diffused lighting reduces eye strain for more comfortable work conditions over long hours.

## SPECIFICATIONS

VOLTAGE (V)	AC 110-240 V
OPERATING AMPS (A)	2 A
LUMINOUS FLUX (LUMEN)	30,000 Lumens
COLOR TEMPERATURE (KELVIN)	5,000 K
LAMP LIFE (HRS)	50,000 Hrs

TOTAL WEIGHT	17.4 Lbs.
TRIPOD DIMENSIONS (COLLAPSED)	46 In
TRIPOD DIMENSIONS (EXTENDED)	108 In
INGRESS PROTECTION	IP56
SAFETY CERTIFICATIONS	UL, CE, FCC, RoHs
